

DOC'S STORY

Stephen “Doc” Hunsley is the Founder and Executive Director of SOAR Special Needs. He started the organization to serve families, like his own, that were in need of support on their journey.

Doc wanted to help families address the three questions that kept him and his wife up at night:

1. Will my child ever be able to care for themselves?
2. Who will caer for my child when I am gone?
3. Who will take care of me?

SOAR Special Needs seeks to address these questions and more by providing services to families, consultations to churches, and resources for individuals and groups.

ORGANIZATION HISTORY

2011 – Began as a Ministry of Grace Church in Overland Park, KS, where it grew to serve over 800 families

2019 – Became a separate non-profit, funded through individual, corporation, and foundation support.

SOAR currently serves families and churches in the Kansas City metro area, throughout the United States, and around the world!

SOAR has partnerships in Belize, Kenya, and the Middle East.

SUMMER CAMP SPONSORSHIP OPPORTUNITIES 2024

All sponsors' logos will be featured on the back of our 2024 camp t-shirts, plus your business flyers will be distributed in all camper packets and shout-outs on social media.
